B136634      People                                      (Not for Publication)  
                 v.  
                 Gautt

The judgment of conviction is affirmed. The judgment is reversed insofar as it imposed a one-year prior prison term enhancement as a result of the March 13, 1998, conviction for possession of a firearm by a felon. The case is remanded to the trial court for a determination of Gautt's presentence custody credits. An amended abstract of judgment shall be prepared reflecting these changes, as well as the fact the 25-years-to-life enhancement was imposed under section 12022.53, subdivision (d), rather than section 12022.53, subdivision (b).
